## **Appendix 1 to Accreditation Background and Instructions**

## <u>Care Support and Enablement Process for Placements under</u> Accreditation

Accreditation Process An approved list of CSE Service Providers and Services is compiled as a result of the Accreditation process. New approved Providers will be accepted onto this list throughout the duration of the Accreditation.

Preplacement Assessment of needs for a CSE placement (outreach or accommodation based) is identified by the Social Worker and fully documented. An Individual Support Plan with proposed Progression and Recovery Outcomes is drafted by the Social Worker.

Preplacement The service that best meets the needs of the citizen will be selected by the Social Worker from the list of Accredited Providers. The selection will be based on the criteria of citizen needs and choice (including service location, match of residents, availability and required outcomes).

Preplacement In the case of a citizen having specific identified needs (e.g; mental health etc), services accredited to deliver this specialism will be identified. The Placement will be issued to suitable accredited providers using an agreed template.

Response by Providers who are able to deliver the Placement will be required within a stated timeframe.

Placement

The Placement shall be awared to the Accredited Provider who most closely meets the needs and choice of the citizen in accordance with the stated criteria (location, match, availability and required outcomes).

Placement

The Social Worker obtains authorisation for the Placement from Panel. Successful provider picks up the Placement.

N.B there will be no SPOT placements made for CSE.
