\*Dunkirk Primary and Nursery School operates on two sites, i.e. Marlborough Road and Lenton Boulevard. For distance purposes, measurements will be made from the pupil's home to both school sites using a computerised geographical information system in a straight line (as the crow flies). The shorter of those two measurements will then be used to determine the distance to the pupil's home where the school is oversubscribed (see full details of the admission criteria for community schools on page 70). This does not mean that if the pupil is offered a place at Dunkirk Primary and Nursery School this will be for the site closest to their home. The decision of which site the pupil is accommodated on will be made by the head teacher at the school. The allocation of a place at either site does not form part of the admission arrangements and there is no right of appeal against the allocation of a particular site.
