1. Minutes of the last meeting

Notes accepted as a record of the last meeting.

2. Survey and engagement update

Survey remains live and good take (over 600), thank you again to those who have shared the link on social media and to contacts especially given some of the questions that would have been answered with a press release. Although more questionnaires are being inputted the broad feedback remains the same, so good evidence of what the community want to see.

3. Vision planning and future meetings

Discussed criteria for information to be submitted to DLUHC by 1/8/24, and importance of vision and plan being evidenced by the public consultation. Vision needs to be realistic.

Next steps – using each meeting to focus on a specific topic.

- 11th July 4-6pm – Hope Church - young people presentation/ Police – Safety focus
- 18th July 5-7pm – Clifton Cornerstone – Heritage/ high streets and regeneration

Following group discussions on the vision, agreed small working group will look closer at the vision before the next meeting.

Discussed Transport and connectivity theme for spending. Agreed in principle:

- More information needed for T4 around safety for schools, including bollards or double yellows – Claire to speak to Highways for costings.
- T7 – cover costs for Wi-Fi for community spaces to ensure community centres are connected and can offer this to building users.

Date of next meeting:

Thursday 11th July 2024, 4-6pm at Hope Church.
