

#### Hello,

Over the next 3-5 years, Nottingham will be working with the children's charity UNICEF UK to make sure that Nottingham puts children's rights into practice.

We want to hear from you and other young people in Nottingham to better understand what our city is like to live and grow up in. Your views will help us to become a UNICEF Child Friendly City, where all children and young people feel safe, heard, cared-for, and are able to flourish.

#### How long does it take?

The survey takes about 20 minutes. Everything you tell us is private.

#### Do I have to participate?

You don't have to do the survey. You can stop at any time. You don't have to answer all the questions.

If you don't understand any of the questions, please ask an adult for help.

#### How will this information be used?

Child Friendly Nottingham will use what you and other young people say to improve our city. We will share our findings with you, so you know that your voice has been heard and differences are being made.

UNICEF UK, a children's charity, will use the information to understand how the Child Friendly Cities & Communities programme is working.

Your name will not be asked. Everything you say will be kept strictly private so no one can identify you from your answers. Please try not to include anything in your answers that could identify who you are, for example your name or address.

#### What do I do if I feel uncomfortable or upset with the questions?

Remember that you can stop at any time.

If you have any questions or concerns, please tell a trusted adult (for example, a parent, teacher or carer). You can also get in touch with a charity such as Childline or NottAlone.

#### This is not a quiz and there are no right or wrong answers. Please answer honestly.

Thank you for taking part and sharing your ideas with us!

\* Required

#### Consent

1. Are you happy to take part in this survey and for your views to be used in the ways described above? \*

## Learning

- 2. Which of these best describes you?
  - O I go to school
